#### VOTING RESIDNCE.

There has been a late decision of the Supreme Court which throws a n. w light on the oft-discussed question as to whether a man ear lese his voting residence or not. Betetefore it has been held that every American chizen who has his name on the great register has a right to vote somewhere In otler words a man could not lose his voting residence in one precirci until he has gained a residence in another, but according to the decision of the California Court a citizen can actually lose his voting re idence. If you should move from one precinct to another within the thirty days' limit, i. e., within thirty days of an election, you also lose the right to vote in the precinct where you formerly lived.

#### Principle Cites of Nevada.

The APPEAL is in rec ipt of a pamphlet supposed to represent the resources of Nevada. It advecates home industry etc., and the first page bears the imprint of the great seal of Nevada, while the last page bears the imprint of Francis Valentine & Co. (lay street printers, San Francisco It purports to be issued by the Trade and Commerce Publishers Co. of Reno.

The APPEAL suggest that the Trade and Publishing Co. of Reno get its pan phlets in the future, I ut lished at some Reno office. They will get a good deal better work and probably better notices.

Mr. Stanford arrived in San Francisco yesterday, and Mr. School Hurtington will likewise be there temorrow. Then, to use the irreverent expression, "hell be a poppin" Nobody on the outside seems to know just what is going to happen but everyone is certain that there is some sort of a fight between the two railroad men. Huntington has been acting pretty sassy and Stanford and his triends are on the war-path -Truckee Republican.

When Congress met last De- UNICN cember the price of wheat in Chicago was \$0.79 per bushel. On the first day o September of this year the price in the same market was \$1.01 1-2 per bushel. Here is a practcal illustration of what ten months of Republican legislation has done for the agricultutal interests of the country.

Mr, Harrison has several fine ejeakers in his cabinet and the working Republicans of the coun try would like to see them make some speeches in the doubtful Congressional Districts. It might offend the mugwumps, but the mugwumps did not carry the last Presidential election, nor will they carry the next.

The average cost of collecting the internal revenue tax under the ( leveland administration was \$3 36, while the Harrison administ ation does the work for a percentage of \$2.09. Comment is needless.

#### COAST NEWS.

Frank Mesa, while carlessly handling a pistol, accidentally that and instantly killed his stopson, William Carlest, Healdsberg, on Monday night. Needham won.

While Elisha Smith, an aged Misouri farmer, was preparing to Is conceded by all to be unsur, and leave the Southern Pacific train at the dep t at Portland, Or., Tuesday, three young men seized and choked him and robbed him of his pocket book, containing checks, notes and receipts for checks aggregating \$4,785.
